

Fourth International Conference on Damage Mechanics

Louisiana State University - May 15 – 18, 2023

Dear Federico Accornero,

Congratulations! Your abstract, ICDM4-MS1-07, "*Energy Dissipation in Fiber-Reinforced Concrete Beams Under Cyclic Loading: Scale Effects, Plastic Shake-Down, and Hysteretic Behaviour*", has been accepted for an oral presentation at ICDM4, the Fourth International Conference on Damage Mechanics.

In order to attend the conference, you must possess a B-1 Visa. If you do not already have one, you can apply at the U.S. Embassy or Consulate in your country. During your stay, you will be required to support yourself financially through your own funds.

The conference will be held on Monday, May 15 – Thursday, May 18, 2023 at Louisiana State University in Baton Rouge, Louisiana, USA. The event will be a forum to present the newest finding and to depict the future development in damage and failure mechanics. You can find more information on our website: icdm4.lsu.edu.

Sincerely,

A handwritten signature in blue ink, reading "George Z. Voyiadjis".
