

ATTO 9

9th International Conference on Attosecond Science and Technology
July 9 – 14, 2023 / Booyoung Hotel & Resort in Jeju Island, Korea

Name: Prof. Peng-Cheng Li

Affiliation: Shantou University

Nationality: China

Presentation Title:

(01_1021) Optimization of High-order Harmonics by Multi-color Laser Fields for the Isolated Ultrashort-attosecond Pulse Generation

Invitation No. ATTO_052357

May 23, 2023

Dear Prof. Peng-Cheng Li

On behalf of the Organizing Committee of the 9th International Conference on Attosecond Science and Technology (ATTO 9, <https://www.atto9.org>), we are pleased to invite you as a presenter at ATTO 9 to be held in Jeju, Korea from July 9 to 14, 2023.

As the largest and most prestigious international conference in the field of attosecond science, ATTO 9 will be the place to share state-of-the-art research works with scholars in academia, research institutes and industries. As it will be an in-person meeting, we will be able to consolidate the global and diverse identity of the attosecond science community. The ATTO conference covers all aspects of attosecond science and technology, from sources and metrology to applications and there will be exhibitions related to the field.

We truly believe that your participation will be crucial to the success of the conference.

Jeju, the treasure island of environmental assets, is designated as UNESCO Biosphere Reserves, World Natural Heritage and Global Geoparks. We are pretty much sure that you can feel the spirits of great nature in the island.

We look forward to seeing you at ATTO 9 in Jeju Island, Korea.

Best Regards,

Chang Hee NAM
