Dear Prof. Li,

I learnt that you will attend UNIFIED2023 conference to be held in Huddersfield on 29<sup>th</sup> August – 1<sup>st</sup> September 2023. I would like to invite you to visit my Dynamics and Control Group in the University of Liverpool after that conference. I propose that you stay in Liverpool from 2<sup>nd</sup> to 11<sup>th</sup> September 2023. During your visit, I would like to show you around my school, and talk about the research work done by your and my groups and discuss potential research collaborations. It will be my great pleasure to have you here.

I understand that your travelling cost from China to the UK and back, and your living expenses in the UK will be provided by your own research funding. My school will provide you with a hot desk and a visitor card for you to access your temporary office during the period.

Please feel free to contact me if you have any questions. I am looking forward to your visit.

Yours sincerely
