

8th Asian Spectroscopy Conference

September 3 - 6, 2023

Niigata, Japan

August 13, 2023

Dear Prof. Li:

On behalf of the Organizing Committee of the 8th Asian Spectroscopy Conference (ASC2023), to be held in Niigata, Japan, from September 3 to 7, 2023, we would like to sincerely invite you as *an invited speaker* at this meeting.

Asian Spectroscopy Conference is the international platform for sharing and exchanging the latest exciting advances in spectroscopy in Asia and Oceania. ASC2023 aims to bring together experts in different generations from a variety of spectroscopy fields to discuss the recent progress and form an intimate scientific network.

The 8th Asian Spectroscopy Conference was originally planned for 2021 but has been postponed because of the COVID-19 pandemic. Since the pandemic is now ending, we decided to organize it with an in-person format this year.

We would be honored by your attendance and be very grateful if you could *reply to our invitation by Thursday, August 18, 2023*.

Sincerely yours,

The Organizing Committee of ASC2023

Chair, Tahei Tahara (RIKEN)

Vice Chair, Masaaki Fujii (Tokyo Institute of Technology)

Vice Chair, Koichi Iwata (Gakushuin University)
