

Summary of report of International Conference
International Scientific and Practical Symposium "The Future of the Construction
Industry: Challenges and Development Prospects

Moscow, Russia

18th to 22nd September, 2023

I was invited to give a lecture at International Scientific and Practical Symposium "The Future of the Construction Industry: Challenges and Development Prospects. The conference includes other eminent speakers in geotechnical engineering from Spain, Russia, Iran, Iraq, Germany, India, Kazakhstan, Mongolia and US. This visit was important to meet young talents in geotechnical engineering from Russia as well as Central Asia. The speakers include various experts from both industry and academia. It was a useful trip as one gets to understand various prospects and challenges in construction industry

Following are the pictures of the visit to conference:

Shantou University,
East Coast Campus
(Шантоуский университет
(Кампус Восточного побережья))
