

UK Visas and Immigration

*February 7<sup>th</sup>, 2024*

To the Entry Clearance Officer

***Zengjian Lou - Business Visitor***

The University of Kent would like to invite Zengjian Lou to visit our Canterbury campus from **August 10 and August 18, 2024**. Zengjian Lou has indicated their intention to leave the UK at the end of the period of the visit. The purpose of the visit is:

To attend the *International Workshop on Operator Theory and its Applications* (IWOTA 2024) that was arranged before arrival in the UK.

IWOTA 2024 takes place August 12-16 (<https://blogs.kent.ac.uk/iwota2024/>). It is the 35<sup>th</sup> workshop in the IWOTA series, see [IWOTA Wikipedia](#). It will bring together researchers in mathematics and related areas for an exchange of results and methods, and for tracing the future development in operator theory, complex analysis, harmonic analysis, linear algebra, random matrix theory, mathematical physics, and their applications.

The University is not hosting a formal research project for the visitor and they will not be working under the control of the University. Zengjian Lou will not be employed by the University of Kent and will not receive pay from a UK source.

Yours faithfully
