Dear Dr. Chaoping Liu,

I am pleased to invite you to visit University of Southern Denmark from September 20 to 22, 2024 to discuss on-going projects, and to stimulate emerging research ideas, particularly on topics related to transparent conducting oxides for high-efficiency solar cells. Additionally, I would be delighted to show you our research laboratories and engage in in-depth discussions regarding our future research collaboration.

I sincerely hope that you could accept this invitation.

Sincerely yours,

Chun Yuen Ho  
Assistant Professor,  
*Centre for Advanced Photovoltaics and Thin-Film Energy Devices,*  
*Mads Clausen Institute,*  
*University of Southern Denmark*
