

November 13th to 18th, 2024,
The Grand Center Point Space Pattaya, Thailand

GEOMATE 2024

Letter of Invitation

Date: 21st August 2024

Dear Prof. Shuiliong Shen,

On behalf of the Organizing Committee, it is my great pleasure to invite you to deliver a keynote address at the International Conference on GEOMATE 2024, which will be held from 13th-16th November 2024 at The Grand Center Point Space Pattaya, Thailand. I would also like to invite you to visit Suranaree University of Technology on 17th-18th November to discuss the details of your research project, and you are welcome to make a presentation for our students and staff.

We are particularly excited about your extensive expertise in the field of intelligent construction technologies, and we believe your insights would be invaluable to the conference. The theme of this year's conference is "Where Smart Innovation Meets Sustainability" and your work on **"Innovation in Intelligent Construction During Shield Tunnelling"** perfectly aligns with the core topics we aim to explore. We are certain that your contribution will not only foster further research and collaboration in this rapidly evolving field, but also improve the scientific and technical discussions.

We would be honored if you could accept this invitation and join us in making GEOMATE 2024 a resounding success. Please let us know at your earliest convenience if you are able to participate, so that we may include your talk in the official program. Should you require any additional information or have any specific requests, please do not hesitate to contact me directly.

Thank you for considering our invitation. We look forward to the possibility of welcoming you to GEOMATE 2024 and hearing your esteemed presentation.

Conference Chairman, GEOMATE 2024

Prof. Dr. Suksun Horpibulsuk
Suranaree University of Technology
