RE: Short-Term Visit for academic exchange, Prof Shui-Long Shen

Dear Prof Shen,

I am pleased to write this letter to invite you visiting the Institute of Geotechnical Engineering, University of Natural Resources & Life Sciences, Austria during March 10 to 13, 2025.

During your visit, you will focus on collaborative research on the “Smart construction and Sustainable Cities”, together with Prof. Wei Wu’s research group.

The preliminary program for your visit is as follows. You are expected to give a lecture presentation on 11 March 2025 for our graduate students on the application of deep learning technology in underground smart construction. On March 12 to 13, 2025, you will visit our department head to discuss the potential collaboration in the future and visit our laboratories. You are expected to introduce the Journal of Smart Construction and Sustainable Cities to our faculty members.

Should you require further information please contact me via Phone (++43 1 47654 87311) or email (wei.wu@boku.ac.at).

Yours sincerely

Prof. Dr.-Ing. Wei Wu

Director, Institute of Geotechnical Engineering,
University of Natural Resources & Life Sciences,
Feistmantelstr. 4, 1180 Vienna, Austria.
