Dear Miss Qian Zheng,

I am very happy to invite you to the forthcoming International Workshop in Computational Geotechnics (IWS-Okinawa) which will be held in Okinawa, Japan during April 14-16, 2025. After the technical program, a technical tour will be held on April 17 and 18, 2025 in Fukuoka, Saga, and Ohita. The IWS-Okinawa offers an outstanding technical program on a wide range of topics, including but not limited to soil mechanics, numerical modelling and laboratory tests, which will be presented in the published proceedings as well as in the oral and poster sessions. Your kind support is extremely important for the success of the conference.

Looking forward to seeing you in near future at Okinawa!

Yours sincerely,

Kazuhide Sawada
