Dear Professor Qiang Fang (John),

I am glad to know that you are planning to attend 2025 EMBC at nearby Copenhagen in July 2025. Hence, I would like to invite you to visit our lab at KTH Royal Institute of Technology from 18 to 20 July 2025, to discuss potential collaboration in developing a robotic-based caring system. Your expertise in rehabilitation engineering aligns closely with our current research focus, and we believe your visit would greatly enrich our work.

During your stay, we would be pleased to showcase our ongoing projects, and explore areas for joint development. If you are open to it, we would also be glad to arrange a seminar or meeting for discussion session.

Please let us know if the proposed dates suit your schedule. We would be happy to have you here at KTH.

Looking forward to the possibility of welcoming you to Stockholm.

Sincerely,

2025-04-25, Stockholm

Zhibo Pang

Adjunct Professor, PhD & MBA

Department of Intelligent Systems | School of Electrical Engineering and Computer Science KTH
Royal Institute of Technology
