Dear Prof. Zhongping Lai,

I would like to invite you to pay a visit to the Department of Earth and Space Sciences, University of Washington in Seattle from 20 to 28 Dec 2025, following your trip to the annual meeting of American Geophysical Union (AGU2025) from 15-19 Dec in New Orleans.

I do not plan on attending AGU this year, but would welcome the opportunity to discuss in person further collaborations and mutual interest here in Seattle after the AGU meeting.

We have been collaborating for years, but have not yet met in person and I would happy to show you around our laboratories and the Quaternary Research Center as well.

Sincerely yours,

David Montgomery
