21 January 2026

Dear Prof. Wen,

We are pleased to invite you to serve as an Invited Speaker at the **Workshop on Applied and Computational Mathematics with Interdisciplinary Applications**, which will be held from **10–12 April 2026** at **City University of Hong Kong (CityU)**.

This workshop aims to gather leading researchers in applied mathematics, computational mathematics, and related interdisciplinary fields to exchange ideas on recent developments in mathematical modeling, numerical methods, and their broad applications across science and engineering. The program will focus on emerging topics such as asymptotic analysis, partial differential equations, optimization, scientific computation, statistical methods, and their roles in advancing data science and other disciplines.

Given your distinguished contributions to the field, we believe your insights would greatly enrich our discussions and we would be honored to have you present your work. I understand that all the expenses will be covered by your own grants from Shantou University.

We look forward to receiving your reply.

Yours sincerely,

Dan Dai
