Dear Sir/Madam

Subject: Invitation for **Dr. Liangliang Yang** as a Visiting Scholar

We are pleased to invite Dr. Liangliang Yang, an Associate Professor from Shantou University, China, to join our research group at the University of New South Wales, Australia, as a Visiting Scholar for a period of six months, from March 1, 2026 to August 31, 2026.

During his visit, Dr. Yang will engage in academic exchange and collaborative research in the field of marine mammal bioacoustics, which aligns closely with our team's ongoing projects. I believe that Dr. Yang's expertise and English language ability fully qualify him for the visiting scholar position.

Please note that all expenses related to Dr. Yang's visit will be covered by his home institution and government sources. No financial support is required from the University of New South Wales. I will not charge any tuition or administrative fees and will provide Dr. Yang with necessary assistance and office facilities for his visit.

We look forward to a productive and mutually beneficial collaboration.

Sincerely,

Tracey Rogers

Professor, Evolution and Ecology  
School of Biological, Earth and Environmental Sciences
