RE: Official Invitation Letter for Visa Application — 8th International Symposium on Computational Wind Engineering (CWE 2026)

To Whom It May Concern,

I am writing in my capacity as Conference Chair and Professor at Western University, London, Canada, to formally invite **Qi Zhou**, Professor at Shantou University, China, to attend the **8th International Symposium on Computational Wind Engineering (CWE 2026)**. This conference is scheduled to take place from June 7, 2026 to June 11, 2026, at Western University, London, Ontario, Canada.

The CWE 2026 is an academic event organized by Western University and International Association for Wind Engineering (IAWE) that brings together researchers, scholars, and practitioners from around the world to present and discuss advances in computational wind engineering. The conference is held under the auspices of the [International Association for Wind Engineering \(IAWE\)](#) and will include keynote addresses, peer-reviewed paper presentations, and panel discussions. The event is expected to attract approximately 300 participants from 40 countries. Further details about the conference program and venue are available at <https://cwe2026.com>.

Prof. Zhou has been selected to participate as a Paper Presenter at this conference. Their presentation is titled “*A Novel Nonlinear Vortex-Induced Force Model Based on an Vibration-velocity Amplitude Ratio*”, which is an integral part of the conference program, and we are honoured by their participation.

Please note that the conference organizers will not be responsible for any expenses incurred by the participant, including travel, accommodation, and living costs, for the duration of their stay in Canada.

Should you require any additional information to support this visa application, please do not hesitate to contact me directly.

Yours sincerely,

Girma Bitsuamlak, Ph.D., P.Eng.
Professor, Conference Chair
Department of Civil and Environmental Engineering
Western University
1151 Richmond Street, London, ON N6A 3K7, Canada
